VOL. XVIII. NO. 77. CHARLEROI, WASHINGTON CO., FRIDAY, SEPTEMBER 14, 1917 ONE CENT

QUOTAS MOVE 19TH AND 20TH

Men from This County Will Leave Thursday and Friday of Next Week

SCHEDULE IS ARRANGED

The drafted men from western Pennsylvania who go to Camp Sherman next week, will entrain for that point on the 20th and 21st. On the 20th, 1,124 will leave for the cantonment and on the 21st there will be 591 men in the party, according to statements from Harrisburg.

A complete schedule for the movement of the announced quotas of drafted men from each of the 282 draft registration districts of Pennsylvania, beginning September 19 and continuing over four succeeding days was worked out at the adjutant general's office in Harrisburg on Thursday. The movement will be the largest in a military way since the mobilization of the national guard at Mt. Gretna in June of last year. All men will go by special trains and there will b at least 200 trains and there will be at least 200 state.

Draft boards have received a special schedule showing the hour, day and railroad on which the train will move from or through their designated point of entrainment and giving all details of the arrivals and stoops on the route. It is expected to move about 25,000 men from Pennsylvania on the dates mentioned. On the Pennsylvania alone there will be over 126 trains.

REBUILDING THE STEAMER A. R. BUDD

The Diamond Coal & Coke company is having the steamer A. R. Budd rebuilt at the McCune docks, Dravosburg The boat will be provided with a new hull, new boilers and new condensing machinery. When the steamer is lowered into the water some time this fall it will be practically a new boat. The installation of condensing or low pressure machinery is in keeping with the advancement made in steamboats on inland rivers during recent years. This style of machinery has been found to be very much more powerful and economical than the old style while the condensers have to a certain extent a neutralizing effect on the acids which are found in the waters of the Monongahela, and which becomes quite pronounced particularly during low water seasons. The Budd originally was built from the machinery which was on the steamer Frank Gilmore, the Gilmore being the direct successor of the I. N. Phillips, which was brought to the Monongahela river many years ago from the Cumberland river by the late Capt. John Gilmore of near Webster.

Underwood says: "The best way to judge the administration of a County Controller is by the enemies he has made. Who are the men actively opposing my candidacy and why are they opposing me? Judge my work by their opposition." 77-t1

ENTERTAINS FOR HER SISTER OF THIS PLACE

Mrs. J. Finney Wall gave a five course dinner at her home in Forward township on Thursday Sept. 6 in honor of her sister Mrs. Alva P. Culp of Charleroi. Nineteen guests partook of dinner. After spending a memorable afternoon with music and interesting topics of the day, all departed for their several homes, thanking the hostess for her fine dinner and courteous entertainment for which she is widely known—Elizabeth Herald.

MARKING TIME ON CAR SUPPLY

Railroads Making no Attempt to Supply Small Loader with Open-tops

WORK UNDER PRIORITY ACT

Railroads of the Pittsburg district are marking time pending the determination of the complaint of certain operators of what its officials facetiously term "snowbird" coal mines that the carriers decline to furnish them with open-top cars into which to load their output from wagons.

This complaint alleges discrimination in that other shippers of coal who load from tipples are supplied with equipment of the type mentioned affording them preference with the trade which will not accept coal loaded in box cars. Upon their part the carrieries are disputing not comlainants' contention, but claim they are proceeding along the lines laid down by the authorities at Washington under the so-called "priority" act and are shuttling their open-top cars with all possible expedition between mines equipped with tipples and Lake Erie ports loaded with coal for trans-shipment to the Northwest nor do they pretend to endeavor to accommodate the complaints, who they insist, use car equipment wastefully and deprive other shippers possessing tipples of the use of cars which they claim could be employed to good advantage in reducing the fuel shortage by more expeditious loading.

The appelation "Snowbird" has been given to certain mines of small capacity located away from railroads, necessitating the hauling of their production by wagon. Railroads justify their refusal to place the operators of these mines on a parity with those operating big mines regularly and loading from tipples, upon the greatest good to the greatest number. It is understood, however, that the small operators intend appealing to the State Commission in which event the issue will be raised immediately between the State and Federal governments.

DANCE AND CORN ROAST ENPOYABLE SUCCESS

The harvest dance and corn roast given Thursday evening at Oakland park by the Catholic Social Club was largely attended and proved to be a very enjoyable affair. Other social events are being planned for the fall and winter.

LOCAL DRAFTERS MAY NOT GO NEXT WEEK

The Fifth District of Washington county may not be represented in the draft contingents which will go to Camp Sherman at Chillicothe, Ohio, next week

On Thursday the Board received a telegram from Governor Brumbaugh, requesting it to furnish 40 per cent of the district quota by the 19th and that instructions for the remainder of the men would follow.

The Board immediately answered the telegram, saying to the Governor that it would be impossible to furnish any part of the 40 per cent on the date designated for the reason that they had already certified 205 men to the District Board, but so far had received no instructions as to what disposition had been made of them, or whether any of them had been exempted. The men sent last week were volunteers—they waived all exemptions and agreed to go without any fuss or even murmur, on appeal to the district board. Of course if 175 men will come forward as volunteers the local board will send them to Camp Sherman, but there will be "nothing doing" in this respect unless some definite word is heard from the district board as to the disposition of the 205 names already certified to by the local board.

TEACHERS SCARCE IN FAYETTE COUNTY

There is a scarcity of school teachers in Fayette county and five hundred school children will have a continuation of their summer vacation unless vacancies in teaching staffs are supplied at once. Superintendent Carroll, in a satement issued on Tuesday, said that at least 35 instructors were yet needed before the complement of teachers for schools under his direction would be complete. Some of the schools opened Monday, but a large majority of the township schools are scheduled to resume sessions next Monday. If vacancies are not supplied by that time Superintendent Carroll stated that rooms for which no teachers had been secured would not be open and the pupils assigned to them would be relieved of studies until the vacancies were filled.

Superintendent Carrol l anticipated such a condition of affairs three months ago and served notice of boards of education that they must allow teachers a generous advance of 20 per cent to keep them. Some of the boards heeded this advic and there are few vacancies in those townships. Some of the boards allowed ten per cent and some fifteen per cent of an increase. The result was that the best teachers in those districts have been drawn away from their old schools to districts where the salaries are larger.

An instance of the dire straits into which some school boards have been placed to get teachers is given in one of the schools of Menallen township of that county. That school which is in a rural section has paid a teacher $60 a month for many years. The board was forced to offer $90 this year before a teacher was secured.

Card of Thanks.

We wish to thank our friends and neighbors for their help and kindness during the illness and bereavement of our son Thomas. Also we are very thankful for all the floral tributes.

Mr. and Mrs. John Barrett 77-t1p

WILL CALL MORE MEN NEXT WEEK

Pennsylvania state draft headquarters on Monday received notice from Provost Marshal General Crowder that of the Pennsylvania men accepted for service in the draft. 35 per cent will go to Camp Meade, September 19, and 40 per cent will go to Camp Lee, Petersburg, Va. and Camp Sherman at Chillicothe, Ohio. These installments will be exclusively of white men. The call means that about 175 men will besummoned from the Fifth District of Washington county, to report for duty at Camp Sherman. It is expected that notices will be mailed this week to the men selected and all of them will have notification by the 18th [illegible] they will leave Pittsburg on Wednesday, the [illegible]

LOCAL ATHLETES ENTER W. & J.

W. & J. College athletic ranks will be greatly strengthened this fall by the addition of four all-round stars from the Charleroi high school who will enter the freshman class. They are Piersoll, captain of the football team of 1916 and basketball player, who reported on Monday to Coach Metzer as a Red and Black grid candidate: Riva, the sensational track man, who has taken laurels for several years in Washington county high school meets; Hill, another track man and baseball player, and Stahlman a basketball and foot ball player. All of these boys are athletes of the first rank and their entrance into W. & J will be hailed with delight by the followers of the Red and Black. Their services will be available for every branch of sport at W. & J. with the possible exception of tennis.

Mrs. J. P. Clutter is ill at her home on Meadow avenue.

JURY GIVES FEES TO RED CROSS SOCIETY

The members of the coroner's jury which inquired into the death of George Lewis, Monday evening last, contributed the amount of their fees to the Red Cross society. The money was given to John N. O'Neil, the foreman, $7 in all, who turned it over to the proper officials.

AVIATION AND AEROPLANES

Donora Promoter Heads Company to Build Machines in this Vicinity

TO HAVE AN AVIATION SCHOOL

A corporation to be known as the "DeLorenzo Aeroplane Company" has been organized by Donora and Johnstown people and a charter is expected to be granted to the new company on Saturday. It will be a Delaware corporation, with an authorized capital of one million dollars. The principal business of the company will be to manufacture and operate aeroplanes, but Mr. DeLorenzo also has plans for the organization of an aviation school in connection with the enterprise.

It is the intention of the promoters of the enterprise to buy an acreage where the manufacture of planes and the establishment of an aviation school may be carried out [illegible] erty near Belle Vernon has been looked upon favorably as an ideal location. Prof. DeLorenzo has made several trips to Charleroi to interest local people in the enterprise and has met with some success. The planes will be built on plans and along lines which he has designed himself, and which he believes will produce machines capable of carrying a considerable cargo.

ALUMINUM WILL MEET PRODUCTS

Manager Regester of the Steel Products team, has ben compelled to secure the fast Aluminum team from New Kensington to take the place of the Ambridge team, which was scheduled for the local ball park Saturday afternoon. The Ambridge team is in the elimination contest for semi-professional teams now under way in Pittsburg and will meet the Maxwell Motor team from Detroit. The Aluminum team is a fast one, one of the best in the state and will make the Products boys go some to win.

PARSON IS FROM DIXIE

Favorable Comment on the Tenth by Paper of Augusta, Ga.

HAS MANY PRINCETON MEN

The Augusta Herald, in its military column, thus speaks of the Tenth Pennsylvania Regiment:

"The Tenth Infantry, the famous 'Fighting Tenth,' is here with over 2000 officers and men. This regiment has a fighting record covering several wars and it was among the first to be ordered out in 1898. It saw service in the Philippines. The Tenth is commanded by Lieutenant Colonel H. W. Coulter. Colonel Coulter is one of the wealthiest coal operators in the Pittsburg district and is a member of a prominent Pennsylvania family. He is a brother of Brigadier General Richard Coulter, former Colonel of the Regiment, who is now a brigadier in the 81st Division. Lieut. Col. Coulter and his brother are both Princeton men. Indeed it seems that Princeton men are numerous throughout the Pennsylvania Division, as Captain Charles Schall, a chaplain of the regiment, is also a Princeton man. Chaplain Schall is a Georgian and is known as the 'only rebel in the ranks' of the 'Fighting Tenth.' Capt. John D. Hitchman, adjutant of the regiment is also a Princeton man. and there are numerous others."

LESS PRODUCTION

It is estimated that the coal production of the Pittsburg district has fallen off at least 25 per cent since the promulgation of the President's order, fixing the price of bituminous coal per ton. This statement does not come from the smaller operator one who sells his production through brokers, but is given on the authority of some of the largest operators in the district and by men whose business it is to keep in direct touch with the situation. This shortage, which has been felt in an acute manner for several days, shows no sign of improvement and there will be no relief until the present situation is cleared up. Railroads are making but little if any attempt to furnish cars to the operators of the smaller mines and consequently this production has been curtailed to such an extent that it is not the factor it was a month ago. Likewise the larger mines are below their former output, a fact which has caused such a shortage in fuel as to cause considerable apprehension on the part of industries. Already quite a number of them have had to curtail their activities, while some of them have had to shut down.

Such a condition of affairs should not be tolerated. If the coal men are not getting a price at the present time in keeping with the cost of production, which has gone up considerably in the past year, the government should remove the $2 handicap and permit an advance commensurate with the expense attached to the production. No operator will sell his coal for $2 unless he is compelled to and those who have contracts at a higher rate are not anxious to coal to the lakes, particularly when they feel their commodity is worth more than the government price. It looks as if there will have to be a readjustment if the production of fuel is to be kept at a normal level.

What a commotion one little typographical error will cause. The young lady typist in the office of the Secretary of the Navy substituted the word "all" for "one" which was the difference between "sinking six U-boats." and the possible destruction of one. Quite a difference, isn't it?

GARDEN COLUMN

By National Emergency Food Garden Commission

Potato Starch.

Bruised and otherwise unmarketable potatoes may be used in making potato starch a very desirable and healthful food, says today's bulletin of the National Emergency Food Garden Commission, which is going to give away $5,000 for the best canned vegetables grown in war gardens.

Potato starch can be used in many ways for food purpose in making salads, puddings, milk dishes, etc. In every potato section of the country thousands of bushels of potatoes are wasted every year which could just as well be utilized in making potato starch.

Use plenty of water and a vegetable scrubbing brush in washing the potatoes. Seat yourself in a convenient position with a vessel containing potatoes at one side and an empty vessel for the gratings on the other. Place dishpan with grater on a low table and without removing the skins, grate your potatoes by hand or run them through the sausage grinder. Empty gratings into second tub or vessel.

Over the gratings pour clean water. Stir well so as to saturate every particle of the potatoes. Allow to stand for a little time and then remove the peelings and other floating material from the top of the water. Stir again, add a little more clean water and allow the same to stand for several hours or over night. The starch granules will settle to the bottom and all pulp and potato skins will rise to the top of the water or settle on top of the starch granules. Remove the water carefully also the pulp and skins. Scrape the dark coat off the top of the starch formation, being careful not to remove any of the starch.

A second time pour fresh clean water over the starch. Stir thoroughly. Allow to stand for several hours or over night. Remove water and pulp as before and add another application of water. Continue this as often as necessary to render your starch perfectly white and free not only from pulp, but from all sand or sediment of any kind which is not pure starch.

This operation can be abbreviated by rinsing the first time and then straining the pulp, starch and water through cheesecloth or cloth of finer mesh.

AMBRIDGE TEAM HERE SATURDAY

Manager Clyde Regester has booked the fast Ambridge team for a game at the local ball park, Saturday afternoon to meet the Steel Products nine. The game will be called at 3:15 and if the weather is suitable there should be a good representation of local "fans," as there will be but few if any more games this season. "Lefty" Hughes will pitch for the visitors and he is some "flinger." He must be seen in action to be appreciated. In fact, the Ambridge team is one of the fastest semi-pro teams in western Pennsylvania. Manager Regester will make his pitching selection from Rapp and Jamison and either one should be able to hold the visitors to a low score. It will be a ball game, anyhow, and as the Steel Products have given the people splendid entertainment during the season now coming to a close the patronage should be in keeping with the character of the attraction.

Underwood says: "During my administration as County Controller, I have tried to be fair and honest.

"I have transacted the business of the office without fear or favor, solely in the interests of the taxpayers. The taxpayers will have a chance to be fair and honest with me on the 19th of September and to say whether or not they want me on the job for four years more." 77-t1

COMPLETES CONTRACT FOR DRIVING PILING

FIRST BAPTIST SUNDAY SCHOOL PICNIC SATURDAY

Saturday at Oakland park the First Baptist Sunday school will hold their annual picnic. The picnickers will leave Fifth street on the ten o'clock car.

HOOSIER CABINET PLACED AT DOMESTIC SCIENCE ROOM

The Charleroi high school domestic science rooms has installed a new Hoosier Kitchen cabinet. The cabinet is a style approved by domestic science experts as one equipped so as to make it a labor saving device.

A special dance will be held in Turner hall, Monongahela city on Monday, September 17th. The usual good time can be enjoyed. Gentlemen 50 cents, ladies 25 cents. Peerless Orchestra. 77-t2

The excursion steamer, City of Parkersburg, has been chartered by the Native Sons of America for Sunday, September 16th to carry an excursion from Rices Landing to Glyndon Park, McKeesport. The boat will leave Rices Landing at 8:30 a. m., Millsboro 8:45, Fredericktokn 9 a. m., Brownsville 10 a. m., Newell 10:15, Roscoe 10:30, Fayette City, 10:45, Belle Vernon 11, Charleroi 11:15, Monessen 12 noon, Webster, Donora 12:30, Monongahela City 1 p. m. The Pittsburg Orchestra will furnish music and a stop off at McKeesport will be made. 77-t2

AGED VETERAN READY TO FIGHT IF NECESSARY

Says He Feels as Frisky as a Young Colt—Lauds Tanlac.

"Seventy years ago, when the Mexican War came along, I tried to get a place as a drummer boy, but as I was only seventeen I was turned down" said Charles S. Robbins, 87 years, an expert gardener, 3741 Fifteenth street, Philadelphia, Pa.

"I got my chance in the Civil War, though, enlisting in Company A, 6th Pennsylvania Cavalry. I feel as young and hearty right today as I did in '61, and believe there is some good fighting left in me yet if my country needs me. Until a couple of weeks ago I always walked six or ten miles a day besides attending to my gardener business, without minding it one bit. Stomach trouble, which I have had for some time finally got the best of me.

"However I decided to try this Tanlac I had heard praised so highly. It took exactly one bottle to fix me up as good as new. My appetite has improved wonderfully and I can eat without feeling bloated or suffer from sour stomach and heartburn. I go to bed nights knowing that I will sleep soundly until morning. Then I get up feeling as frisky as a colt. Those sick headaches have left me. My nerves are in better shape today. Tanlac has put me back on the job. I have taken many medicines in my time but I never ran across anything that works so rapidly and efficiently as Tanlac."

Tanlac is being sold here by Pipers Pharmacy.

"I'll Show You How Corns Peel Off!"

Ever Peel a Banana Skin? That's It!

"I should worry about those corns—I just put some 'Gets-It' on." *Corns used to pester the world into a frenzy, enduring pain, digging, slicing toes, tinkering with plasters*

"Gets-It" Puts Your Feet in Clover—It Ends Corns Quickly.

and tape, trying to fix a corn so it wouldn't hurt. But now no one in the world "should worry," because the moment you put "Gets-It" on, it means the end of a corn. There is nothing in the world like "Gets-It"—nothing as sure and certain—nothing that you can count on to take off a corn or callus every time, and **without danger.** The corn never grew that "Gets-It" will not get. It never irritates the flesh, never makes your toe sore. Just two drops of "Gets-It" and presto! the corn-pain vanishes. Shortly you can peel the corn right off with your finger and there you are—corn-free and happy with the toe as smooth and corn-free as your palm. Never happened before, did it? Guess not.

Get a bottle of "Gets-It" today from any drug store, you need pay no more than 25c, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

"Sold in Charleroi and recommended as the world's best corn remedy by Frank J. John, Jno. F. Carroll's Drug Store, Charleroi.

Many Declared to Find in Vain Every Symptom Given After Taking Lydia E. Pinkham's Vegetable Compound.

Spartanburg, S. C.—"For three years I suffered from backache, weakness, and irregularities so I could hardly do my work. I tried many remedies but found no permanent relief. After taking Lydia E. Pinkham's Vegetable Compound I felt a great change for the better and am now well and strong so I have no trouble in doing my work. I hope every user of Lydia E. Pinkham's Vegetable Compound will get as great relief as I did from its use." —Mrs. S. D. McABEE, 122 Dewey Ave., Spartanburg, S. C.

The reason women write such grateful letters to the Lydia E. Pinkham Medicine Co. is that Lydia E. Pinkham's Vegetable Compound has brought health and happiness into their lives. Freed from their illness they want to pass the good news along to other suffering women that they also may be relieved. This is a praiseworthy thing to do and such women should be highly commended.

THE CHARLEROI SCHOOLS SELECT THE HOOSIER

As Equipment in the Domestic Science Department

The Hoosier Kitchen Cabinet has been selected as first choice for the Domestic Science Department of our schools.
This is because the Hoosier in reality is the only scientifically arranged Kitchen Cabinet.
For years Domestic Science experts have been perfecting the Hoosier, so that now it is first choice the country over.
This perfection of design and arrangement is exclusively Hoosier.
Most important of all, these six exclusive features cannot be duplicated---many of them are patented.

1 All metal flour bin with glass front.
2 Gear driven shaker flour sifter.
3 Revolving spice jar rack.
4 Ingenious, big capacity sugar bin.
5 Big, broad cupboard space with plenty of room to work--not hampered with partitions.
6 Doors with handy trays that hold small utensils, or the new roll doors without extra cost.

If you come to our store tomorrow and sit in front of the Hoosier you can see how these six features will save miles of steps in your kitchen.
You'll not be obligated if you don't want to buy now.

VEGETABLES IN THE CONTEST MAY BE SOLD

Those in charge of the war garden exhibit to be held at 423 McKean avenue on Saturday afternoon next, desire to say to contestants that if they so desire they can leave their produce for sale at the close of the exhibit. The money realized from this sale will be devoted to the Red Cross or to charity, just as the donor may see fit to instruct. Contestants who bring in exhibits are requested to state what disposition they wish to make of the vegetables or of the canned goods. They can be taken home after the close of the exhibit if they wish, or they can leave them to be sold at the close of the exhibit an auction sale will take place.

The judging of exhibits will take place early Saturday afternoon and the prize winners will be announced at 7:30 o'clock Saturday evening All exhibitors are requested to bring their contributions Friday afternoon or early Saturday morning, that they may be arranged and properly tagged.

Co-operation on the part of the exhibitors will greatly assist the committee in making this exhibit the success it deserves to be, and the assistance of the public is cordially solicited by the promoters.

Broke Knee Cap and Nerves Went All to Pieces

They were serious ills as Mr. Golden's signed statement made a few days ago, fully proves:

"I have used two bottles of Nerv-Worth and it has given me excellent results. Was very nervous, caused by the breaking of my knee-cap last winter. My liver and kidneys were effected and Nerv-Worth also relieved the distress of these organs. I feel stronger and better than for a long time. I can sleep better and appetite and digestion are much improved. The great curative powers of Nerv-Worth have surely been of great benefit to me.

"M. E. Golden,
139 Church St., Washington, Pa.

Hennings Drug Store and Pipers' Pharmacy sell Nerv-Worth in Charleroi and hand your dollar back if this famous family tonic does not benefit you.

Notice.

Sealed bids will be received by the clerk of Charleroi Borough or grading, curbing and paving Lookout avenue between Sixth and Seventh street. Plans and specifications may be had at the Borough Engineers office. A certified check for $100.00 must accompany each bid. All bids must be in the hands of the Borough clerk on or before 8 o'clock p. m. Sept. 24th, 1917. Council reserves the right to reject any or all bids.

Charleroi, Pa., Sept. 12, 1917.
Ira L. Nickeson,
Borough Clerk.

STEAMER KITTANNING DELIVERS STONE BARGES

The steamer Kittanning, Capt. Silas Sayers, arrived at Lock No. Four last Saturday, having in tow two barges loaded with stone taken from the old lock at Port Perry. The stone was unloaded at No. 4 and will be used in repairing the break in the old dam. The Kittanning proceeded up the river as far as Lock No. 11, delivering supplies for repair work on the way. On her return she will bring three flats of stone from New Geneva, to be used in repair and construction work.

BENEFIT DANCE WAS QUITE A SUCCESS

The benefit dance held in the Italian hall Tuesday evening for Thomas Hazelton, who lost a leg a short time ago, was a very successful affair. The net proceeds amounted to $120 and Tucelli's orchestra, under whose auspices it was held, on behalf of Mr. Hazelton, extend their thanks to all who in any way assisted in the success of the undertaking.

PERSONALS

Mrs. W. P. Stiger and son Wayne returned home Thursday evening from Erie, having been called there by the death of her brother-in-law, Irwin Spicer.

R. G. Knight of Meadow avenue is attending a convention of Heinz salesman in Pittsburg today.

Mrs. P. McCann and daughter Miss Nellie were Pittsburg visitors Friday.

Mrs. C. C. Wright entertained at her home on Fallowfield avenue Friday evening in honor of her guest Mrs. C. S. Joshua of New Castle, formerly of Charleroi.

The Musical Auxiliary to the Athene club held a business session at the home of Dr. Barth on Washington avenue Friday evening. They will meet at the same place on next Monday evening.

FATIGUE NEARLY OVERCOMES WOMAN

"Bringing up several children in the right way and cares of home brought me to the verge of nervous prostration," says a well known woman. "Fearing that I might become ill and have to give up housework and care of my little ones, created a nightmare that was ever before me. I happened to mention my affliction to one of my neighbors and she advised me to procure some Phosphated Iron. A day or two later when I was feeling unusually miserable I sent my daughter to the drug store for a box the capsules and after ten days' treatment I felt like a different person altogether. I sleep well at night something I hadn't done in months before; my appetite is good and in fact what formerly seemed like mountains of work in my home is now more like play. An aunt of mine living over East has been taking Phosphated Iron with equally gratifying results."

Phosphated Iron is put up in capsules only. In this locality it can be obtained at W. F. Hennings the druggist and leading druggists everywhere
